## MAIN ACTIVITIES

### TRADE & POLICY SUPPORT

Provide comprehensive statistics on textile trade, address trade barriers, and support export promotion.

### PRODUCT DEVELOPMENT & CERTIFICATIONS

Support the development of high value-added textile prototypes and help Korean companies obtain international export certifications.

### SUSTAINABILITY & SMART MANUFACTURING

Promote low-carbon production processes, support automation and digital transformation in textile manufacturing to enhance sustainability.

### MARKETING SUPPORT

Support Korean Textile companies in participating in global trade shows and organize Seoul Premium Textile (SPT) in Korea.

### HUMAN RESOURCE DEVELOPMENT

Cultivate professional specializing in business innovation and link them to employment opportunities within the textile sector.

Korea Textile Trade Association (KTTA) is a leading non-profit organization dedicated to supporting, preserving, and advancing Korea's textile industry.

From fashion textiles to technical textiles, KTTA implements a wide range of initiatives that foster sustainable growth and global competitiveness across the entire textile value chain.

We are committed to helping our member companies — primarily small and medium-sized enterprises (SMEs) — gain easier access to government policies, resources, and business opportunities.

As the organizer of Seoul Premium Textile (SPT), KTTA aims to connect Korean textile companies with domestic and international buyers, enhancing Seoul's reputation as a leading hub for textiles and fashion worldwide.

Through our expertise, professional information services, and practical tools, we empower Korean textile companies to develop advanced technologies, expand exports, and contribute to national economic growth and job creation.
